Never An Ordinary Experience

SM Infinity™
cloudware for digital advertising

CLOUD-BASED SOFTWARE - ANYTIME, ANY DEVICE

Request personalized custom content from your PC at the office

Upload Graphics from your Mac at home

Create & Send messages from your iPad on the road

PROFESSIONAL DESIGNERS STANDING BY

SM Infinity™ is the only software to have the personal attention of professional graphic designers standing by via an integrated request form to create custom dynamic content specifically for your business and your LED sign.

I want my Message to say:

CLOUD-BASED EDITOR & GRAPHIC LIBRARY

With Doodle™ you can create messages on the fly from the Web or with an iPad. Create & send custom messages fast, like a quick birthday, an instant sale, or newly arrived inventory. Choose Text Style, Background Color or Image, Animation Effects, OR explore our online Graphic Library.

AMBER ALERTS & CONDITIONAL MESSAGING

Automated Amber Alerts: *Safeguard your community*
The LED sign will automatically display severe weather alerts, amber alerts, and federal alerts integrated managed by FEMA

Conditional Messaging: *Is it getting hot outside?*
The LED sign can automatically display 'Cold Lemonade for Sale' based on a target temperature.
